

HW 7: Chapter 10 - Computer Analysis of Decision Trees and Sensitivity Analysis – Small Problems Using Precision Tree Software

Q1: Redo Q1 from HW6 using Precision Tree software, and plot Sensitivity and Spider plots.

Q2: Redo Q3 from HW6 using Precision Tree software, but now include part e); then do exercise 11.6 on pages 359 and 360.

Q3: Redo Q4 from HW6 using Precision Tree software, but now include part d); then do exercise 10.14.

Note: for all questions, describe your results with at least 100 words.
